

eagles circling
 wolves howling
 the call of a loon
 the rush of fast water
 walleye frying on an open fire
 northern lights cascading
 fresh, clean air

Can it get any better?

WHEELER RIVER LODGE LTD.

Welcome to Wheeler River Lodge, located on the Wheeler River in northern Saskatchewan. We are just 75 minutes by air from Otter Lake (Missinipe). You can fish the river or take a short portage to one of our six lakes where you'll discover well protected bays. Some have a boat and motor or canoe just waiting to take you on your fishing adventure.

You may be a die-hard fisherman or just want the perfect family get-away — either way you'll love the pristine waters, sandy beaches, native plants and abundant wildlife. Enjoy the natural amenities that only northern Saskatchewan offers by hiking along a quiet lake. You'll find unbeatable solitude at Wheeler River Lodge!

We have operated as catch and release since we opened in 1988. Barbless hooks are now mandatory. You are welcome to eat fish while in camp. We are open from May 25 through October, and trips are five days long. Corporate packages are also available.
